

Training on the territories

The modules of Gea

The Gea school makes its team and teachers available **free of charge** for training courses in the territories aimed at associations, trade unions, committees, social cooperatives, parishes and social networks.

The modules

- Environmental Justice and Ecological Justice: origin and general framework;
- Thematic modules on: biodiversity, relationship between social equity and sustainability, natural rights and new constitutions, relationship between viruses and climate collapse.
- Biophilia is liberation: for a new educational and pedagogical paradigm
- Demanding democracy: from the ecology of the poor to integral ecology.
